OBJECTIVES OF UGANDA PAVILION

- **Promote Holistic Care through Arts-based Interventions:** Encourage the integration of arts-based interventions in caregiving practices across Uganda to enhance holistic wellbeing.
- **Highlight and Amplify Arts and Health Practitioners:** Spotlight and amplify the contributions of practitioners working at the intersection of arts and health in Uganda.
- **Facilitate Collaboration among Health Practitioners, Caregivers, and Artists:** Foster connections and collaborations between health practitioners, caregivers, and artists to promote holistic and intentional community wellbeing.
- **Encourage Research on the Impact of Arts on Wellbeing:** Support and promote research on the role of the arts in improving health and wellbeing in Uganda.
- **Shift Mindsets and Paradigms regarding Arts and Health in Uganda:** Advocate for a paradigm shift in how the arts are perceived and utilized within the health sector, emphasizing their value in promoting wellbeing.
- **Engage Young People in Arts and Health Initiatives:** Uganda being 75% youths, we strive to actively involve young people in arts and health initiatives, fostering their participation and highlighting the benefits of arts-based interventions for youth wellbeing.
